

LABOR BOARD MAY DECLARE RAIL STRIKE ILLEGAL

DIX FOUND NOT GUILTY OF JAIL BREACH BY JUDGE

Man Who Fled and Was Recaptured is Given Freedom.

Fred C. Dix, who for over two months has been a prisoner in the Lee county jail on a hunt for a man, walked out of his cell a free man yesterday afternoon as the result of a decision handed down by Justice Martin J. Gannon. Dix, who was returned from northern Minnesota late in September, was tried during the present term of court on a charge of taking indecent liberties with minor children and found not guilty by a jury.

He was immediately arrested by Sheriff Schoenholt on a warrant charging prison breach. A preliminary hearing on the last charge was started before Justice Gannon Tuesday afternoon and the case taken under advisement. Attorneys Sherwood Dixon and Lloyd Scriven appearing for Dix raised two questions in his defense; first that the sheriff of Lee county had no authorized warrant or mittimus to hold Dix in the county jail and that therefore his imprisonment was illegal; the second defense being that he was not in the jail building, when the breach was said to have been committed.

The evidence presented at the preliminary, showed that Dix was working in a tent in the rear of the jail, where he was engaged in burning the paint off of Sheriff Schoenholt's automobile, preparatory to repainting it.

The case is peculiar in some respects, Sheriff Schoenholt testifying that he had no mittimus which would warrant Dix being incarcerated in the county jail, and the records of Justice Gannon, showing that a mittimus had been issued. In his decision, Justice Gannon refers to this phase of the case as follows:

Where is the Mittimus? "On this point there is a sharp conflict of evidence. The Sheriff stated that he did not know whether or not he ever received a mittimus and also his deputies, Phillips and Gaffney, testified that they never at any time saw a mittimus. Now, where is the mittimus?" "If Frank A. Schoenholt, sheriff of said county, did not have a mittimus, then the defendant, Fred C. Dix, was not in legal custody and could not be guilty of either prison breach or escape. Under the evidence in this case, the court is of the opinion that a mittimus was issued and delivered and reached this conclusion because of the fact that the Sheriff states that he did not know whether or not a mittimus had been delivered to him and one had been delivered to him, it never was brought to his notice. This testimony of the Sheriff leaves the question open as to the mittimus, and it is just as plausible to say that the mittimus was mislaid or lost as it is to say, under this evidence, that no mittimus was ever delivered. The evidence of the record showing that a mittimus was issued and delivered is positive evidence against the doubtful evidence of the Sheriff and his deputies."

The opinion concluded by saying "it is therefore considered by the court that the defendant be discharged and this action dismissed."

Japan Willing to Cut Navy if Other Powers Do Likewise

Aboard Steamship Kashima Maru, Oct. 26.—(By radio to the Associated Press.)—Japan stands ready to cut down her navy if the powers reach an understanding at the forthcoming conference at Washington on limitation of armaments and Far Eastern questions, according to Vice Admiral Tomesaburo Kato, member of the Japanese delegation to Washington which is traveling to America aboard this ship.

CONTRACT FOR EQUIPMENT IN TESTING BARN

Steel Stalls, Etc., to Be Installed in Dixon Plant.

In an interview today Secretary Oxnam, of Chamber of Commerce, stated that the Aspinwall Drew Company, of which Jno. P. Mozealous, of this city is representative, submitted the lowest bid for the steel equipment for the stalls for the new cow testing plant.

Four bids were submitted; one from the Loudon Machinery Co., Chicago; Hunt, Helm & Ferris Company, Harvard, Ill.; James Manufacturing Co., Fort Atkinson, Wis.; Aspinwall Drew Co., Waterloo, Wis. John P. Mozealous presented the lowest bid amounting to \$1,758.59, F. O. B. Dixon.

On account of some changes in the plans for the building proper the local contractors will be interviewed and asked to submit bids as soon as possible. Work on this will be starting immediately and an effort made to have the building complete and fully equipped for occupancy by Jan. 1.

Hays Takes Charge of Investigation of N. Y. Postal Robbery

**BULLETIN**  
By Associated Press Leased Wire  
New York, Oct. 27.—The lost obtained by automobile bandits in the holdup of a mail truck here last Monday night was announced by Postmaster General Hays today as \$1,454,129.80.

By Associated Press Leased Wire  
New York, Oct. 27.—Postmaster General Hays arrived here today to take charge of the investigation of large shipment of currency reported by automobile bandits, who held up a mail truck and escaped with five pouches filled with bonds, securities and currency.

The postoffice officials still withheld figures as to the loss, but statements issued by banks and brokerage houses showed a total known loss of \$28,925. This was exclusive of a large shipment of currency reported to have been included in one of the pouches and which was said to have been the main object of the robbers. Most of the bonds and other securities, it was pointed out, were listed in the owners' names, and the thieves could scarcely hope to realize on them. It was feared these securities might be destroyed.

Irish Conference is Again Postponed as Sinn Fein Wait Call

By Associated Press Leased Wire  
London, Oct. 27.—Prime Minister Lloyd George today proposed to the house of commons that it set aside next Monday for a discussion on the motion of unionist members of parliament condemning the present negotiations with representatives of the Sinn Fein Ireland. He said he hoped there would be a vote on the question.

London, Oct. 27.—(By the Associated Press.)—The Irish delegates to the conference which has been holding intermittent sessions on the Irish question for the last fortnight, marked time today in anticipation of a communication from the government fixing a date for a renewed session of the conference committee.

This committee, composed of Prime Minister Lloyd George and Austen Chamberlain for the government, and of Arthur Griffith and Michael Collins, representing the Sinn Fein delegates, was expected to have met yesterday but the sitting was postponed on account of other engagements.

The committee was expected by the Irish delegates last night, but up to 1:30 o'clock this afternoon no such summons had arrived at the Irish headquarters. The delay, however, is said to have caused no further anxiety in Anglo-Irish circles, which claimed to attach no special significance to it.

DUBUQUE COMES TO DIXON SUNDAY WITH RECORD OF VICTORY

Will Expect to Keep Slate Clean in Their Contest Here.

BY BOB STRIBLEY, JR.  
(Sports Editor, Dubuque Telegraph-Herald.)

Dubuque, Ia., Oct. 27.—(Special.)—Members of the Dubuque post, American Legion gridders are putting in their last links at training in preparation for what they expect to be a strenuous whirl against Dixon Sunday.

Dubuque will enter the Sunday scuffle with a clean slate, and with a grim determination to keep it spotlessly white. Their 1921 record to date includes only two games, a 14 to 0 victory over the Davenport Tigers and a 6 to 0 win over the Clinton Independents.

As a result of these conquests, the Dubuque Legion team rates highly in Iowa independent circles and by many is regarded as one of the leading contenders for the state championship.

Charles E. Ward, former Fairfield high school and Iowa Wesleyan star, and Arthur Little, ex-Ohio State man, coach the squad.

Paul Buol, right guard, captain of the aggregation. He used to play with the Dubuque high school. The Legion's skipper weighs about 210 pounds and his tremendous bulk, plus his aggressiveness, makes him a man to be feared.

George Healey, at the other guard, notches in the neighborhood of 200 pounds and like Buol he's a remarkable charger. Healey played with Dubuque high school several years and was also a member of a Great Lakes Naval Training eleven.

Clancy, at center, tips the beams at 190 pounds and is a power both on offense and defense. Tackles, too, are fairly fast and heavy.

Grundy and Bartles, wingmen, seldom let anyone get past them. Marshall, who alternates with Bartles, played four years with University of Montana.

Harry Nesler, quarterback, is a former Dubuque high griddier. He is an accurate passer, a good field general and adept at open field running. He frequently skirts the ends for a wide gain.

SAY INTERSTATE COMMERCE BODY USURPS POWER

State Commissions in Protest Before Senate Com.

By Associated Press Leased Wire  
Washington, Oct. 25.—Complaints against the Interstate Commerce Commission were made before the senate interstate commerce commission committee by state railway commissioners who charged that the federal commission had usurped their powers over intrastate rates.

Carl D. Jackson, chairman of the Wisconsin state commission and president of the National Association of Railway and Utilities Commissioners, with a number of other state commissioners, charged that the Interstate Commerce Commission had "stretched" its authority virtually to the point of extinction of state authority over railroads.

The interpretations of the federal commission, Mr. Jackson declared, resulted in serious impairment of state commissions authority, to the detriment of local interests and in many cases, he said, resulting in fixing of rates without hearings or investigations.

Clark Fined \$100 Under City's New Liquor Ordinance

Prescott Clark was given the minimum fine of \$100 and costs by Justice Martin J. Gannon this morning under the new city ordinance, for transporting liquor on the highways of the city, which he paid.

Clark waived trial by jury in Justice Gannon's court, Mayor M. Smith and Chief Van Bibber testifying to the arrest on last Saturday night and the finding of two five gallon jugs of liquor in Clark's car.

By consent of the city officials and the defendant, an order was entered by the court, ordering the destruction of the contents of the jugs found in Clark's car. In compliance with the court order, the two five gallon jugs were carried from the police station to the sewer at the corner of the city hall building, where a hammer was used in smashing the containers, the contents flowing into the sewer.

SURRENDER OF CARL BY HUNGARY DEMAND OF LITTLE ENTENTE

Ultimatum Delivered Threatens Military Action.

London, Oct. 27.—(By the Associated Press.)—The little entente, composed of Roumania, Czechoslovakia and Yugoslavia have dispatched a note to Hungary demanding the surrender of former Emperor Charles, the demobilization of the Hungarian army and reparations sufficient to defray the expenses of little entente's mobilization, according to a Vienna dispatch to the Central News Agency today.

Unless Hungary replies satisfactorily within two days, the little entente troops will enter Hungary, the dispatch said.

By Associated Press Leased Wire  
Paris, Oct. 27.—(By the Associated Press.)—The allied council of ambassadors today decided that former Emperor Charles of Austria-Hungary and ex-Empress Zita should be placed immediately upon a British battle cruiser in the Danube pending another meeting of the council next Saturday, when a final decision regarding their disposition is to be made.

The ambassadors were unable to reach a final decision today because they were faced with the disinclination of various countries to furnish asylum for the ex-monarchs. It was said their final disposition was proving to be an awkward problem.

**Troops Mobilizing**  
Mobilization preparations are proceeding everywhere in Czechoslovakia, both in the Czech and Slovak districts. Premier Benes told the chamber of deputies in connection with the little entente's ultimatum to Hungary, according to a dispatch from Prague today to the Havas Agency.

The dispatch quoted the Czechoslovakian premier as saying that the government would not refrain from the most energetic measures in carrying out the ultimatum, although all action would be kept within the terms of the peace treaties and within the agreement between the little entente and the allied powers.

MAY CHARGE VIOLATION OF RAILROAD ACT

Consideration Given Salient Points of Final Order.

Chicago, Oct. 27.—(By the Associated Press.)—Terms of the railroad labor board's final ruling on the strike, if the board decides one shall be necessary, as discussed informally by members of the board, brought out these salient points:

1.—That the impending walkout must not be called.

2.—That the walkout, if called, will be in violation of the Transportation Act as it will be in rebellion against Decision Number 147—the duty wage cut made by the board pursuant to its authority under the act.

3.—That the board will regard the strike, if called, for any other reason than dissatisfaction with the July 1 decision, as evidence of "conspiracy to paralyze transportation." The board holds it would be contrary to court decisions; that the "right to strike" exists only where the strike called, the grounds set forth in the strike ballots.

(This refers to statements by union leaders that while the strike is not so much in protest against the July 1 decision they fear that further reductions in wages and changes in working conditions will be made by the roads.)

4.—That members of the "Big Five" and telegraphers unions remain at work and rely on the board to safeguard their interests from further encroachments possibly contemplated by the roads.

May Censure Texas Congressman Rather Than Kick Him Out

**BULLETIN.**  
By Associated Press Leased Wire  
Washington, Oct. 27.—The resolution for expulsion from the house of Thomas L. Blanton, Democrat, Texas, was called up today by Representative Mondell, the Republican leader.

By Associated Press Leased Wire  
Washington, Oct. 27.—Growing opposition developing overnight in Republican circles to the resolution calling for Representative Thomas L. Blanton's expulsion from the house, started new efforts today to have all factions agree on a resolution of censure. There was no indication, however, that Representative Mondell, the Republican leader who introduced the measure for ousting the Texan, was willing to compromise. In urging censure Republicans and Democrats insisted the resolution they sought to offer not only would be extremely severe of itself, but would call for a public rebuke of Mr. Blanton by Speaker Gillett at the bar of the house.

While informal conferences were under way Mr. Blanton declined to make a statement, announcing he would answer the charges that he caused the publication of obscene matter in the Congressional Record on the floor of the house later in the day.

\$10,000 Sale Held in Dixon Pavilion

The annual sale of pure bred Holstein cattle conducted at the Rock River Valley Breeders' sales pavilion in Dementown yesterday netted approximately \$10,000. There were 62 head of Holstein cattle disposed of to breeders from many cities in this state, Iowa, Wisconsin and Michigan.

Col. Hager of Algonquin, Ill., and Col. Magnus of this city, held the sale. A. G. Harris acting as clerk. The top price to be paid for a single offering was that of the Wauhaon farm at Aurora. John J. Binder, representing the farms, paid \$550 for Florentine Dorcas Veeman De Kol, a six year old pure bred, consigned by C. A. Harris of Union, Ill. The animal will not be taken to the Wauhaon farm but will be placed on the Holstein-Friesian test station at the Hey farm at once.

FEW LEE CO. TEACHERS TO FREEDOM INSTITUTE

None of the city schools and very few of the rural schools throughout the county will close tomorrow to permit the teachers attendance at the northwest division of the Illinois Teacher's association meeting at Freeport. County Supt. L. W. Miller will leave this evening to be present at the institute which opens tomorrow morning, he being chairman of the executive committee.

TAKING VACATION.

Miss Sue Patrick, deputy in the office of the county clerk, is enjoying a week-end vacation from her duties.

STRIKE ORDERS RECEIVED HERE

Unless recall notices are received in the meantime local union employees of the Chicago & North-Western railroad will walk off their jobs at 6 o'clock Sunday morning, the men who are ordered out being trainmen, switchmen, telegraphers and engineers. The employees of the Illinois Central will not quit their jobs until Thursday, Nov. 3, under the plan of the brotherhood heads, who have called the strike.

Employees involved are reported to have received their strike orders. Views regarding the operation of trains differ among the local men. Some believe the mail trains will be operated without trouble, while others profess to believe that armed guards will be carried on all mail and express trains which the companies try to continue.

One local railroad man firmly believes peace will be declared and that the trains will be operating Sunday as usual.

STRIKE SITUATION

By Associated Press Leased Wire  
The International & Great Northern announced it would remove the freight embargo declared when its trainmen struck last Saturday.

Big Five executives met in Chicago at the suggestion of Walter L. McMenimen of the Railroad Labor Board and Ben W. Hooper went before them to propose a way to settlement.

The Railroad Labor Board called a meeting of its members for this afternoon. The possibility of a board order to call off the strike was said to be on its program for discussion.

STRIKE BULLETINS

**DEFINES HIS ERRANDS**  
Chicago, Oct. 27.—(By the Associated Press.)—Ben W. Hooper, vice chairman of the Railroad Labor Board issued a statement in which he said:

"The railroad labor board did not send me before the brotherhoods and only two or three members knew I was going. I want to talk to the representatives of the organizations as a man, a citizen and a member of the board, with the hope that I might make myself useful in averting a strike. The brotherhoods sent Mr. Whitley, vice president of the trainmen, to accompany me to their meeting place.

"The immediate occasion of my appearance before the leaders of the employees was this: "Day before yesterday I submitted to the Railroad Labor board a memorandum bearing indirectly upon the strike situation, which was adopted. By an awkward oversight this memorandum did not reach the chief executives of the brotherhoods until last night. I read this memorandum to the officers of the brotherhoods this morning and in addition addressed them along general lines, urging every consideration possible against the strike.

**NO CHANGE IN SITUATION**  
By Associated Press Leased Wire  
Chicago, Oct. 27.—Labor union leaders after the morning session indicated that there was no change in the situation but one of them, when asked what would happen at the 3 o'clock general meeting this afternoon said:

"You never can tell." It was stated that in addition to reading the board's resolution to the men, Mr. Hooper advised them against drastic action at this time. The leaders said that Mr. Hooper's remarks would be taken up in the separate meetings and later by the combined meeting.

NOTICE TO DAIRYMEN

The Dixon plant of the Borden Company today issued the following notice to dairymen whose product is taken at the local factory:

**TO OUR DAIRYMEN:**  
If the threatened railroad strike goes into effect, we will find it necessary to discontinue taking in milk during the time transportation is suspended owing to inability to move manufactured stock and receive raw materials which are necessary to the operation of our plant.

It is our hope and belief that the strike will not materialize but we feel you should be advised of our position and the necessity for it.

We will keep in touch with you and advise you definitely if this action becomes necessary.

MAKE ANOTHER EFFORT TODAY TO PREVENT IT?

Member of Board Had Proposal for Big Five Chiefs.

Chicago, Oct. 27.—(By the Associated Press.)—Ben W. Hooper of the Railroad Labor Board left the conference of the Big Five union executives shortly after noon and said that the strike had not been settled yet, that settlement could hardly be expected while he was at the meeting.

Noon passed today with the "Big Five" union executives in a long executive conference on possibilities of a strike settlement. Mr. Hooper had been before the conference presenting what he described as a "vague possibility" for settlement.

The Railroad Labor Board meanwhile marked time, with a meeting of its members scheduled for this afternoon with the question whether it should issue an order forbidding the strike or attempt court action as among the possibilities for its consideration.

**On Own Volition**  
"Did you settle the strike?" Hooper was asked as he left the conference.

"Well, you could hardly expect them to do that with me in there," he replied. "I was not sent by the board but went on my own volition. I still believe that the only basis of settlement is the resolution adopted by the board the other day."

Mr. Hooper referred to the board's request that the men refrain from striking and give the board a chance to act on the question of further wage reductions or rules changes that the railroads may bring before it.

Mr. Hooper stated after the meeting that he wanted it understood that he had made no promises for the board or for himself. He said the only thing he desires to bring before the meeting was the copy of the resolutions adopted by the board.

The union meeting broke up soon after Mr. Hooper left, with the announcement that the five organizations would hold separate meetings about 1 p. m. and a joint meeting at 3 p. m.

**Backed by Trainmen?**  
Mr. Hooper was asked by the meeting by A. F. Whitney, vice president of the Brotherhood of Railway Trainmen.

Their presence led to reports that W. G. Lee, president of the trainmen, was backing the peace move.

Mr. Hooper said before going into the meeting room that he was making the call unofficially and that he had "vague possibility" for a settlement in mind, which he would outline to the union men. "It is very vague though," he added.

The meeting was arranged by Walter L. McMenimen, labor member of the board and a former official of the trainmen's organization. McMenimen, however, did not accompany Hooper and Whitney to the hall.

The telegraphers were not represented at this morning's union conference.

**Get Board's Proposal**  
The proposition said to have been made to the railroad employees after yesterday's public investigation is that they could call off the strike and intrust to the labor board adjustment of the complaints which led up to the strike vote.

Whether the brotherhoods chiefs consider this a "satisfactory settlement" of their grievances which they have issued upon before revocation of the strike call is the question to be decided at the conference of union leaders this morning. T. C. Cashen, head of the Switchmen, asserted after yesterday's session of the board's investigation that nothing had been brought out which would affect the strike call.

Members of the board announced after the hearing that they would make known their decision on the threatened strike which the railroad executives hold is in violation of the board's wage cut July 1, today or tomorrow.

**U. S. Dist. Atty. Busy**  
Meanwhile, District Attorney Cline of Chicago conferred with district attorneys of several other middle western cities to convey instructions to them. By Attorney General Daugherty and today was on his way to visit federal officials in cities further west to complete plans for whatever federal action is undertaken in the event of a strike.

In labor circles early today reports were current that the brotherhood of leaders had been quietly told by some of the board members that the chief issues leading up to the strike vote, proposed further cuts in wages and elimination of time and a half overtime, were removed as causes of the strike.

**SOMETIMES DREAMING—**  
Sometimes when I am dreaming,  
I see it all again;  
The sky a bowl of burning gold  
Turned o'er the jade green plain  
I hear the glad wind send me,  
O'er all golden ripe,  
A thrilling note of beauty  
From out his silver pipe.

I see the gates of morning  
Swing wide to let the day  
Come in her shimmering beauty  
Across the dew bright way.  
I see the noon-time glory—  
Veiled sunset lands afar—  
Night bring her troops of shadows;  
The first bright pulsing star.

I see the dark sky gardener  
A treasured flower disclose  
Of white and glistening petals  
Fairer than any rose.  
It makes of all the dusk hour  
A white and mystic June—  
Old earth bends knees to worship  
The white bright summer moon.

Such visions when I'm dreaming  
Unfold in moving light;  
Dream pictures of the day time,  
Dream pictures of the night.

## PROMINENT DANCER ON FASHION POSSIBILITIES—

(Continued from Yesterday.)  
While I believe that a certain proportion of New York women, including those who constantly adopt the latest Parisian styles, will wear long skirts and even the tight-fitting sleeves and high-neck gowns, I feel certain that the vast majority of women, especially the younger girls, will insist upon wearing their skirts short, and Miss Hughes.

Our American girls have attractive ankles and they want to show them. Therefore, they never will consent to long skirts that hide their ankles. The French women, on the other hand, are not as attractive physically as the American girls, and consequently the long skirt appeals to them.

## LADIES' SOCIAL CIRCLE OF PRAIRIEVILLE.

The Ladies' Social Circle of Prairieville held an all day meeting yesterday with Mrs. Frank Hoover.

There were fifteen members present and ten guests.  
The usual enjoyable scramble dinner was served at noon. The house decorations were flowers, and an artistic basket made from a pumpkin also holding flowers, formed the centerpiece for the table.

The net proceeds from the chicken dinner which the Circle recently served, was \$192, and the ladies are proud of the result, and are most grateful for the patronage accorded them. The next meeting place of the Circle has not yet been decided.

## FOR THE HALLOWE'EN PARTY—

The party won't be quite complete without its fortune telling device. This can be nicely arranged at the table. Have at each place a walnut shell from which the meat has been removed and a fortune written on white paper in milk put in its place. The slips must have been written and allowed to dry before they are put into the nut shells. The table should be lighted with candles. Tell each guest to hold his paper near enough to a candle to be heated but not scorched. The milk written letters will become brown and the fortune should be read.

For Sale—A modern bungalow, 5 rooms and bath. A bargain. W. H. Fleming, 248th Night Baggage men Fred Vaughan of the Northwestern is on the sick list. Dan McKinney, day baggage men, filled the place last night.

Attorney Robert H. Scott was on the Avenue this morning on his way to Aurora.

Phil Miller returned to Chicago this morning.

George O'Malley talked with his friends on the Avenue while waiting for a train for DeKalb.

George Crawford was a passenger to Peoria this morning.

J. F. Kennedy, former switch engine engineer for the Northwestern, paid his friends at the Northwestern a visit Wednesday. Mr. Kennedy now runs a restaurant at Nelson.

Sheriff Frank Schoenholz was motoring on the Avenue early today.

Col. W. B. Brinton is here for a few days' visit.

Fifteen of the Avenue citizens attended the Athletic affair at Sterling last night and witnessed Leo Huggins of Davenport knock out "Babe" Martin of Chicago in the second round.

They all returned with warm praise for young Huggins, who they all claim is a whirlwind. Huggins is a relative of the Huggins family of Dixon. All predict a promising future for the young boxer.

Miss Winnifred Scott of the Universal Oats Company's clerical force is on the sick list.

Frank Rosbrook of the Universal Oats Co. went to Orosco, Mich., on a business trip.

We predict a wedding on the Avenue quite soon. One of our young ladies, pretty, dark hair, five feet tall, leaves her office several times each day to have "a gown fit." It is also rumored that a certain young man, who knows this young lady quite well, has rented, or is about to rent, a farm.

Business at the Illinois Central has increased to such an extent that it is now necessary to work two switching crews.

J. F. Donagan, Deputy U. S. Marshal, and Guard J. C. Coppinger of Cincinnati, are guests at the James Reynolds home. The officers are on their way home after delivering several United States prisoners at the Federal penitentiary at Anamosa, Iowa.

## New Time Table.

A new time table on the Illinois Central will go into effect Sunday, Oct. 30. The time of the following passenger trains will be changed:

No. 119 (Daily except Sunday) Southbound. Arrive at Dixon 7:20 a. m., instead of at 7:30 a. m. (Ten minutes earlier).

No. 131 (Daily except Sunday) Southbound. Arrive at Dixon at 4:56 p. m. instead of 5:03 p. m. (Seven minutes earlier).

No. 120 (Daily) Northbound. Arrive at Dixon at 5:48 p. m. instead of 5:55 p. m. (Seven minutes earlier).

Unless other orders are received the trainmen on the Northwestern will walk out at 6 o'clock Sunday morning. The Illinois Central men will walk out Nov. 3rd.

## Harding and Party Visit Camp Benning

By Associated Press Leased Wire On Board President Harding's Special Train, near Columbus, Ga. Oct. 27.—A two hour stop at Camp Benning to inspect the Infantry training school, took President Harding off the direct route of his southern trip today and delayed his arrival at Atlanta, where he will deliver an address late this afternoon.

The presidential party departed late last night from Birmingham.

## Fire and Explosion Laid to Bolsheviks

By Associated Press Leased Wire Rome, Oct. 27.—The forest fires in the vicinity of Vado, which caused a disastrous explosion in the Santa Elena fortress two days ago, is generally believed to be due to a Bolshevik plot, a dispatch to the Messagero says today.

Up to midnight last night twenty-two bodies had been recovered from the wreckage of the explosion and many others, reported missing, are believed to be buried under the debris. Three hundred and fifty-four persons are being treated at hospitals.

## Cadillac Sedan Type 61

The New Type 61 Cadillac Sedan suggests nothing so much as the quick liveness of a living thing in its instant acceleration and eager response to every call for power.

Many marked improvements in design, such as lowering the center of gravity—with no lessening of road clearance—have wrought wonders in emphasizing the buoyant floating qualities for which the Cadillac has always been celebrated.

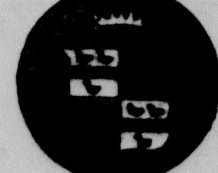

The lounging comfort of the seats themselves, the restfulness and convenience of the

new steering wheel, and instrument board, and the completeness of the new windshield and ventilating arrangement, all conduce to a sense of comfort and well being that is delightful.

The new type Cadillac Sedan is a delight to the eye, but the real revelation will come to you, in your first ride in the car, in the marked increase in riding ease and roadability and swifter acceleration.

A delightful experience is in store for Cadillac owners and non-owners alike.

THE GREAT ILLUSION

A Japanese newspaper refers to  
"those questions that can be settled  
only by war." That will cause be-  
nevolent smiles among the Chinese,  
who once sent 22,000,000 Mongol war-  
riors westward against the white  
man.

The Mongols, in their military ex-  
pursions which lasted several centur-  
ies, conquered India, Persia, Arabia,  
Turkey and all of Europe. Their ad-  
vance scouts went as far as Portugal.  
The Mongol armies finally were de-  
feated at the Marne by Turkish  
mamelukes, white slaves from Egypt.  
They retreated through Russia. By  
the time this racial movement got  
back home, inter-marriage with the  
conquered had produced a new race,  
which promptly attacked China.

"War is a boonkrang," said the  
Chinese. "In the long run, both sides  
lose. We've learned our lesson. No  
more wars for us."

Your ancestors' fear of those Chi-  
nese armies runs in your blood as a  
vague fear of The Yellow Peril.

War never settled anything. Char-  
lemagne's three grandsons divided  
Europe among themselves 1078 years  
ago. Charles the Bold took the throne  
of France. Louis the German took  
Germany. Soon they fell a-quarrel-  
ing over the lands allotted to the  
third brother, half-wit Lothair. Each  
especially wanted Lothair's prize  
possession, Alsace-Lorraine. Many  
wars have been fought over these  
"lost provinces" by the descendants  
of Charles and Louis. Each seemed  
decisive—at the time.

Nothing was really settled by the  
recent war with Germany. Diplomats  
still are trying to patch up a peace  
that will hold. Net result is that  
Europe is in greater danger of an-  
other war today than it was in 1913.  
The world war was fought "to end  
wars." You know how they have  
been ended.

The Civil War in America was  
fought to determine where state  
rights ended and federal rights be-  
gan. The question remains unset-  
tled.

We fought the Revolution to make  
us independent. But in the light of  
our inter-relations with the rest of  
the world are we really that?

Nothing is ever settled by war, for  
the simple reason that you can't kill  
an idea by murdering those who ad-  
mit they share the idea. Only reason  
can change an idea or settle a dis-  
pute over it.

Killing a man doesn't convert him  
to an opposite belief. Roman emper-  
ors, who tried to kill Christianity by

throwing Christians to the lions,  
found that out.

Man has tried war since two cave  
men wanted the same woman.  
War has proved itself a failure as  
a settler of disputes. So far, the Chi-  
nese are the only people intelligent  
enough to "get the bank" of The  
Great Illusion. Will the white race  
commit suicide before it, too, beholds  
the truth and disarms?

DIXON RESPONDING

The reaction among the business  
men of Dixon to the proposals for the  
state development of the Rock River  
parkway is felt in Rockford in its  
stimulating influence. It is apparent  
that that central point of the won-  
derland is ready with its active co-  
operation. It is the united pull that  
makes its impression in results. The  
Rock river towns in the two states  
exercise a powerful leverage when  
they begin to pry as one community  
to set the ball rolling.—Rockford  
Register-Gazette.

AIR ATTACKS ARE EFFECTIVE

The army is continuing its experi-  
ments with bombing from the air  
against battleships. With the old Al-  
abama as the target various kinds of  
gas and demolition bombs have been  
dropped from planes both in the day  
time and at night with the aid of  
magnesium fires. Whatever the  
merits of the controversy between the  
friends of the battleship and the air  
enthusiasts, it is apparent to every  
one that attack from the air holds  
sufficient promise to warrant seeing  
to it that foreign powers do not de-  
velop it while we let it alone and  
count on peace forever hereafter.

GERMANY'S FIRE SALE

Directors of the reichsbank warn  
German industries that they are sell-  
ing too cheaply, that they will hurt  
their future prices, beside causing the  
collapse of the German money mar-  
ket. "All Germany," according to  
the statement, "has become like a fire  
sale; however, when the government  
collects its export taxes it is getting  
only a small amount in good value."

The reichsbank urges German ex-  
porters to revise their prices upward  
and safeguard the future.

What won't the German exporters  
be able to dump on us when the ex-  
change rate gets back to something  
like normal and when they can make  
prices as low as they would like to?

THIRSTY

The Quebec Liquor Commission  
says that hereafter it will not sell  
liquor to thirsty Americans unless  
they have a permit from their gov-  
ernment in Washington.

This follows a picnic at Lacolle, in  
which 3000 gents from New York  
were tapping 70 barrels of  
raided.

Is Washington going so far that,  
by diplomatic pressure, it intends to  
tell us how and what we can drink  
when we're in foreign countries?

Or is Quebec afraid we'll drink her  
dry.

SERVICE

In frontier days, Maurice Proctor,  
stage-coach driver, was so anxious  
to carry the mails in Iowa that he bid  
one cent a year for the job. Of  
course, he got it. In four years his  
salary as mailman was only four  
cents. Now one of the postal war-  
rants, paying him one cent, sells for  
\$35 as a curiosity, which it cer-  
tainly is.

Proctor was rich and could afford  
the loss. The privilege of serving  
the government he considered inval-  
uable.

Oh, for a race of Maurice Proctors!  
It's hard to keep up with running  
expenses.

Common Sense Wars to Keep Well  
SCARLET FEVER  
BY R. H. BISHOP JR., M. D.

Scarlet fever, one of those diseases  
which are most prevalent during the  
fall and winter months, is not so dan-  
gerous in itself as are its results.

Not in the fever, nor the rash of  
scarlet fever does the danger lurk, but  
in the complications which are very  
liable to follow in the wake of the dis-  
ease.

The glandular swelling, sometimes  
tends into the windpipe, cutting off  
the breath. Abscesses of the ear, re-  
sulting in deafness, are common. Kid-  
ney inflammation, or Bright's disease,  
accompanied 70 per cent of the cases  
and after the fever the system is a fit  
subject for tuberculosis and pneu-  
monia.

People of every age are susceptible  
to this disease, but 90 per cent of the  
deaths occur among children under 10  
years of age.

The cause of scarlet fever is not  
known. There is no preventive mea-  
sure, like vaccination, with which to  
ward it off, and there is no special  
treatment that will combat it effective-  
ly.

The first evidence of the approach-  
ing attack of scarlet fever is a nau-  
sea, accompanied by sore throat,  
headache, backache and high fever,

the patient often becoming delirious.  
These symptoms, with the exception  
of the nausea, continue until the  
fourth day.

The rash which is responsible for  
the confusion of scarlet fever with  
measles and other skin infections, ap-  
pears first in the mouth and throat.  
Soon it spreads to the neck and chest,  
then to the hands and feet, and by  
the third or fourth day it has covered  
the entire body. This rash, which is a  
congestion of the blood vessels, is in  
the skin, not on the surface. It sub-  
sides after the seventh or eighth day  
and the peeling process begins, cover-  
ing an additional period of 10 days.

The quarantine for scarlet fever  
should extend over four or five weeks,  
depending on the seriousness of the  
attack.

Because of the danger of resulting  
complications the treatment of the  
patient during and after illness can-  
not be too careful.

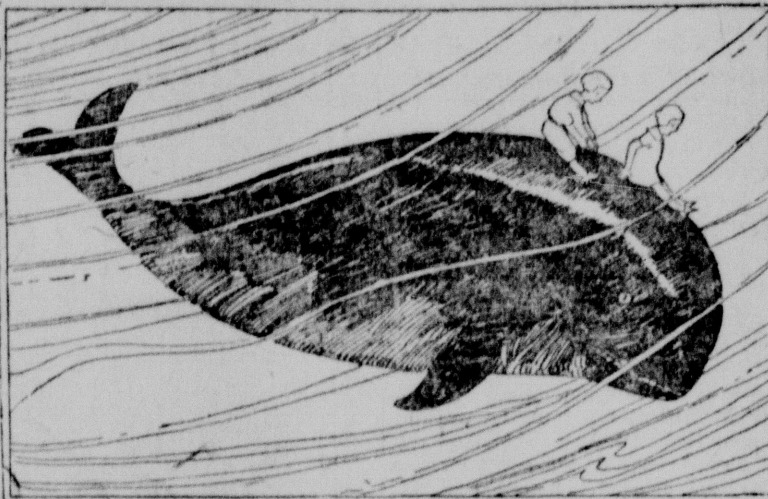

Contagion lies in the sneezing and  
coughing rather than in the scales or  
peelings as is commonly supposed.  
The body discharges must be disposed  
of wisely. Burning and disinfecting  
everything that leaves the body or  
that comes in contact with it, is the  
only safe course to pursue.

BRINGING UP FATHER

ADVENTURES OF THE TWINS  
by Olive Roberts Barton

MR. WHALE IN TROUBLE

Lightly as thistle down, the twins wished themselves onto his broad back

Off through the waves hurried  
Nancy and Nick, carrying the bottle  
of ink Mr. Cuttlefish had given them.  
They looked this way and that way  
and every way for Mr. Whale, for you  
never can tell just where he's likely  
to be. He doesn't stay in one place  
much, but goes anywhere he takes a  
notion to. Mr. Whale is a funny fel-  
low.

They couldn't see a sign of him any  
where, and Nancy said to her brother  
that perhaps he had done like the  
whale in the poem, which goes like  
this:

"There once was a whale  
Who swallowed his tail.  
First he turned to a ball,  
Then to nothing at all."

But Nick said to be patient and to  
keep on looking, and sure enough,  
just then in the distance they saw a  
tremendous spout of water which  
went as high as the fireman's hose,  
and they knew that Mr. Whale was

coming.  
Lightly as thistle down the Twins  
wished themselves on to his broad  
back, so gently indeed that Mr.  
Whale never for an instant suspected  
that he had company, and kept on  
breathing the nice fresh air into his  
lungs, as whales do, you know, being  
different from fishes, and blowing  
water up into the air like a park  
fountain, and enjoying himself like  
everything.

But suddenly a dozen huge forms  
appeared. They seemed to come from  
nowhere at all, and formed in a com-  
plete circle right around Mr. Whale.  
Nancy and Nick knew at once that  
they were the wicked sharks. They  
were snapping their huge jaws and  
showing their teeth like savage dogs.

Mr. Whale gave a snort of surprise  
and looked dreadfully worried.  
"Don't be afraid," whispered Nan-  
cy's soft voice in one of his ridiculous  
little ears—just holes in his head,  
really. "We'll save you."

BE GOOD TO TOURISTS

BY DR. WM. E. BARTON.

I called upon an editor in a western  
city, and enjoyed a very pleasant visit  
with him. He asked me at what hotel  
I was stopping, and when I told him,  
he inquired, "Are the rates satisfac-  
tory? Are they giving you good serv-  
ice?"

I told him that the hotel was a good  
one and that the rates, as hotel rates  
now run, were satisfactory.

Said he, "We have been insisting  
that our hotels shall keep their rates  
at a reasonable figure. It is not good  
for our city to get the reputation of  
robbering tourists."

The very next city to which I went  
I found the rates much higher for the  
same class of accommodation. I  
judged that the work of that editor  
had been fruitful.

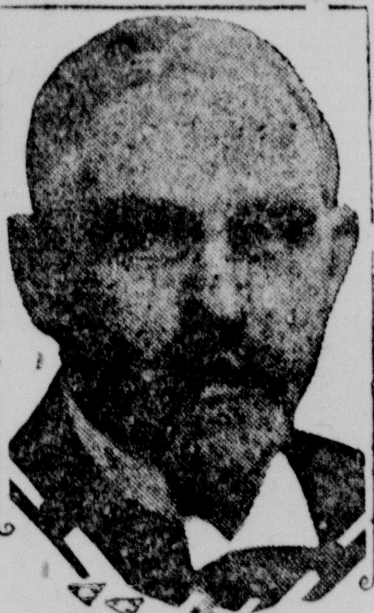

If I were speaking to the representa-  
tive men of any city, I would say,  
"See to it that tourists passing  
through your city even from one day  
to another get a pleasant impres-  
sion of your city."

Great is the advertising value of a  
pleasant impression.

I met an American woman who had  
traveled in Europe, and who thought  
well of Vienna, because there she had  
such lovely sausages.

If a tourist spends but a day in your  
city, do not let him carry away the  
impression that the hack drivers are  
pirates and the hotel keepers robbers  
and the merchants descendants of the  
crowd that waited beside the Jericho  
road for the man who was coming  
down from Jerusalem.

The tourist is your cheapest and

your prospective resident and neigh-  
bor. Do not let him leave your city  
with the impression that your town is  
sorry that he had a few dollars left  
when he went away; he is liable to  
keep those dollars and spend them  
going somewhere else.

Be good to the tourist. It is good

run is good for business.

CONFESSIONS OF A MOVIE STAR

Chapter X

JIMMY ALCOTT SURPRISES ME

I smeared on my grease paint, cov-  
ered with a very yellowish powder  
outlined a very short Cupid's bow on  
my lips, slipped into the dress my  
maid laid out, and rushed for my  
place on the set.

As I wished, the actors were placed  
and ready to be "discovered" when  
Demaision called "Camer-aa! Can-  
era-a!"

Now I usually commence to work  
up emotion—tenderness or fear or  
jealousy or whatever the scenario  
calls for—about 20 feet off a set.

That morning I was to register  
"surprise," supreme astonishment. I  
was to recognize my own husband in  
the villain of the piece.

I rushed onto the set, and for once,  
the cameras caught a genuine emo-

tion stamped upon my features.

I made the first big emotional hit  
of my career. McMasters, our pro-  
ducer, had come to the studios early,  
and he applauded my act vehemently.

Demaision, my director, was so ex-  
cited that he lapsed into his native  
tongue:

"Bien! Bien! Maintenant—tenez!"

Which was extremely trying. I  
didn't want to "hold-on" but I had to  
obey.

How could Demaision or McMasters  
know that I wasn't acting at all?

But we couldn't speak to each oth-  
er. That would ruin the director's  
work and his temper. We couldn't  
exchange a smile of recognition. If  
we did, the cameras would betray us.  
Not a clandestine signal could we  
make! Not even by a whisper could I  
welcome Jimmy.

Dick Barnes was an unusually

wicked villain in "Love in Leash."  
Once I thought that I couldn't care to  
be very friendly with a man who  
could dream and do such evil so well,  
more than once I had to remind my-  
self that it was all in his role. Even  
so, how could he play such a terrible  
part so admirably how could he mur-  
der his own father so convincingly,  
unless there actually was in his heart  
some germ of evil—of cowardice  
which I had not perceived in Jimmy  
Alcott?

I waited for Dick to come up to me  
when the camera men stopped crank-  
ing. Others came to tell me that I  
had registered surprise, confusion,  
doubt in swift succession and with  
extraordinary success.

McMasters was enthusiastic. I con-  
sidered him very kind. Some of the  
generosity of the actors was perhaps  
an imitation of the producers. I lis-  
tened, smiled, kept my eyes on the  
new member of the company—and  
waited.

I was ready to hold out eager

hands to welcome him. What grand  
pals he and I would be in the diffi-  
cult movie game! He would be a dear  
big brother to me! Part of Mother-  
dear's worries would drop from her  
shoulders.

McMasters detained Dick Barnes. I  
waited. Usually I run to my dressing  
room at once upon leaving a set, but  
I never could run away from Jimmy  
Alcott.

Motherdear was not chaperoning  
me that day. Mrs. Nandy was her  
substitute. I would take Dick home  
with me to dinner. We would sur-  
prise Motherdear. She would love to  
see him. She had heaps of tact and  
sympathy. And we would hear about  
Jimmy's disappearance. And Mother-  
dear would say the right comforting  
thing.

The new man's eyes were on mine  
as McMasters talked to him but there  
was no smile of recognition in them.  
I saw him coming toward me with  
the air of a stranger.

## BLOODHOUNDS SEEK CLUE IN MURDER OF SO. DAKOTA PRIEST

Slaying Strikingly Similar  
to One in California  
Recently.

By Associated Press Leased Wire  
Lead, S. D., Oct. 27.—Bloodhounds from Mitchell, S. D., are expected here today in an effort to furnish a clue to the man whose call on the Rev. A. E. Belknap here early yesterday was followed by the murder of the priest on a highway just outside the city. The hounds were expected early today but a rainstorm at Chamberlain delayed the progress of the automobile in which the dogs were traveling.

City and county peace officers worked throughout yesterday and last night in an effort to find something tangible in the many rumors which came to their attention. The fact that no one but the priest saw the man has given officers a handicap at the start.

Bishop J. J. Lawler at whose residence Father Belknap made his home, expressed the belief that the murder was the work of a mentally unbalanced person. Rewards totaling \$1500 have been offered for the arrest of the slayer. The circumstances of the tragedy bear a striking resemblance to the recent murder in California of the Rev. Patrick E. Heslin. Like the California case, Father Belknap was called from his home before daylight ostensibly to administer the sacrament to a dying man. His automobile had been tampered with, apparently and he was forced to accompany his strange visitor on foot.

Several shots were heard by residents and later the body was found in the highway.

By Associated Press Leased Wire  
San Rafael, Calif., Oct. 27.—Wm. A. Hightower, convicted recently of the murder of Father Patrick E. Heslin, believes the man who killed Father

Belknap in Lead and the man who killed Father Heslin are the same person, he told a representative of a San Francisco paper who interviewed him at San Quentin prison.

"I believe it is exceedingly probable," he said, "that the man who killed Father Belknap was also the man who killed Father Heslin. I hope this man is arrested and I hope that he will be brought to San Francisco and made to tell what he knows about the Heslin murder. That would be the best thing that could happen to me."

"The man who killed Father Heslin must have been an anti-Catholic fanatic, which I am not. He must have been a former Catholic because he did not disturb the sacred emblems in the priest's pocket."

"If Dolly Mason would come forward and tell the truth, the man who kills priests might be known."

Dolly Mason was a woman Hightower persistently asserted throughout his trial could clear him if she could be found. The police say she is a mythical personage.

## Every Auto Thief His Own Salesman

By Associated Press Leased Wire

Chicago, Oct. 27.—Marion Jacobs and three accomplices charged with automobile thefts are in jail today as the result of action by the boy's father, George S. Jacobs, when Marion tried to sell him a truck for \$1500. Three other alleged automobile thieves are also held, including Charles W. Sawyer, a business man, who the police say confessed to buying five cars from the robbers after they had driven him around town to see which car should be stolen for him.

A new method of selling stolen automobiles was revealed when the men said that their business code was: "Every automobile thief his own salesman; cars to be ordered before stolen."

The famous Krupp works at Essen now produce one locomotive and eight freight cars daily, besides many machines and devices.

THIN, FLAT HAIR  
GROWS LONG, THICK  
AND ABUNDANT

"Danderine costs only 35 cents a bottle. One application stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous and easy to do up. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant. Adv.

The funeral of Mrs. Minnie Kastner was held at the home of her daughter, Mrs. Roy Randall, at 2:30 o'clock Tuesday afternoon, Rev. Lloyd Walter, pastor of the Lutheran church officiating, and with burial at Oakwood.

**In Memoriam.**  
I cannot say, I will not say. Th' she is dead. She is just away. With a cheery smile and a wave of the hand. She has wandered into an unknown land. And left us dreaming; how very fair it needs must be, since she lingers there. And you, O you, who the wildest yearn. For the old time step and glad return, Think of her as faring on, as dear. In the love of There, as the love of Here.

Mild and gentle as she was brave—When the sweetest love of her life she gave. To simple things; where the violets grew. Blue as the eyes they were likened to; The touch of her hands have strayed. As reverently as her lips have prayed. When the little brown thrush that harshly chirped, Was dear to her as the mocking bird, And she pitted as much as a man in pain. A writhing honey-bee wet with rain. Think of her still the same, I say, She is not dead—she is just away.

# MRS. HAYDOCK SAVED FROM AN OPERATION

Followed Advice of Her Druggist's Wife and Took Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to anyone who wants a personal letter."

Mrs. E. H. HAYDOCK, 6824 St. Lawrence Avenue, Chicago, Ill.

Because Lydia E. Pinkham's Vegetable Compound saved Mrs. Haydock from an operation we cannot claim that all operations may be avoided by it,—but many women have escaped operations by the timely use of this old fashioned root and herb medicine.

# Easy for Thin People to Put on Flesh and Gain Wt.

It's such an easy matter nowadays for thin, weak, scrawny people to put on good, healthy, solid flesh and become plump and graceful that one often wonders why there are still so many people who seem to prefer to be "at skin and bone," ungainly and unpleasant to look upon.

Physicians have long known that whoever could discover a remedy that would cause the food that one puts into the stomach to turn into good, rich, flesh-making blood instead of going to waste, would also discover how to put healthy muscular flesh onto thin, under-nourished people, and this has now been accomplished.

If you are thin, under developed, nervous, weak, or lack vigor and vitality, you can secure at any good pharmacy at moderate cost, a ten days' treatment of EVANS' TRIPLE PHOSPHATES, a new combination of flesh producing, muscle building, strength creating elements that is guaranteed to put good, solid, lasting flesh on your body and to make you strong, healthy and vigorous, or money back.

Physicians who have watched the results of the Evans' Triple Phosphates treatment are astonished at its rapid action—often in a month five to ten pounds of desirable weight is gained. Public Drug & Book Co. has agreed to supply readers of this paper with Evans' Triple Phosphates and to guarantee it or to money returned.—Adv.

# EPSON SALTS LIKE GLASS OF LEMONADE

If you want epsom salts without the awful taste and nausea, ask your druggist for a handy package of "Epsomade Salts" which looks and exactly like epsom salts, because it is real epsom salts combined with fruit derivative salts, giving it the taste of sparkling lemonade.

Take a tablespoonful in a glass of cold water whenever you feel bilious, headache or constipated. "Epsomade Salts" is the much talked of discovery of the American Epsom Association.

# Kidney and Bladder Troubles HAVE TO GO

Clogged up Kidney Deposits are Dissolved and the Toxins (Poisons), Completely Driven Out. Druggists Told to Guarantee it in Every Instance.

"Your very life," says Dr. Carey, "depends upon the perfect functioning and health of your kidneys so whatever you do don't neglect them." Dr. Carey's famous prescription No. 777 known as Marshroot is not recommended for everything, but we cannot too strongly urge its use if you suffer from annoying bladder troubles, frequent passing of water night and day, with smarting or irritation, brick dust sediment or highly colored urine, bloating irritability with loss of flesh, backache, rheumatism or any other tendency to Bright's Disease, Diabetes or Gravel, for kidney disease in its worst form may be stealing upon you.

Don't wait until tomorrow to begin the use of this wonderful prescription now obtainable in both liquid and tablet form, and if you have any of the above symptoms, Kidney and Bladder troubles won't wear away. They will grow upon you slowly, stealthily and with unfailing certainty.

Never mind the failures of the past if you even suspect that you are subject to Kidney Disease, don't lose a single day for Public Drug & Book Co. and every good druggist has been authorized to return the purchase money on the first two bottles to all who state they have received no benefit.

## RHEUMATISM LEAVES YOU FOREVER

Public Drug & Book Co. and every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished even in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru definitely conquers this worst of all diseases, and he has instructed Public Drug & Book Co. to guarantee it in every instance.—Adv.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru definitely conquers this worst of all diseases, and he has instructed Public Drug & Book Co. to guarantee it in every instance.—Adv.

**Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.**

Public Drug & Book Co. and every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished even in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

INDICATION OF "UNCLE JOE'S" PLAN TO RETIRE

Dixon Friend of Cannon Supporter Gets Letter.

Is "Uncle Joe" Cannon of Danville going to give up congressional life and enjoy retirement? That question has been often asked by Illinois politicians. "Uncle Joe" always smiles, chews his stogie and runs again and is always re-elected with a large majority over a democratic opponent. But this time the rumor must be true, for Hon. William P. Holaday of Danville is beginning a campaign to succeed "Uncle Joe." Holaday lives in Danville, is a good lawyer, and for fourteen years or more has served his people as a member of the legislature. Holaday and Cannon are good friends. Cannon was always supported by Holaday, who, several times, was one of Cannon's campaign managers. Holaday has always said he would ever oppose Cannon, but would wait patiently until Cannon, of his free will and accord quit congress. This Cannon must have decided to do for Holaday writes a friend in Dixon that he is a candidate for Cannon's place and has commenced his campaign. With the experience that Holaday has had in legislative matters he ought to make a good race and a good congressman, should he be lucky enough to win. During the last session of the legislature Holaday was republican floor leader.

Babe Ruth Soon to Learn Punishment

Chicago. — Babe Ruth, baseball's home run king, will know his penalty for violating the rule against post-season barn-storming by world's series players. In about two weeks, it was learned here today, Judge Landis, baseball commissioner, is now preparing his decision. It is understood. The judge said today he had seen nothing but newspaper reports of a proposed visit from Ruth to apologize for violating the rule and in any case Ruth's apology would have no bearing on the judge's decision.  
Suspension for a part of the next baseball season was reported to be under consideration as Ruth's punishment a short time ago, but Judge Landis refused to give any indication of his decision in advance of his announcement.
